

## Regulation (EC) No 1907/2006 - Registration, Evaluation, and Authorisation of Chemicals (REACH)

Synapticon supports the objectives of Regulation (EC) No 1907/2006 - Registration, Evaluation, and Authorisation of Chemicals (REACH), and is aware of the obligations associated to a company to comply with the directive including informing our customers whenever substances from the candidate list is found in our products.

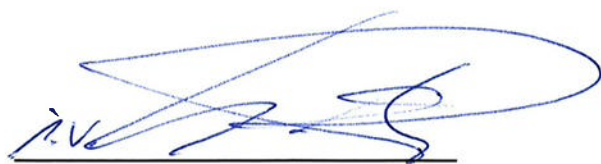

We are a supplier of products defined as "articles" according to Article 3(3) of the Regulation (EC) No 1907/2006.

Synapticon's products do not contain substances that may be released under normal or reasonably foreseeable conditions of use. In accordance with Article 33(1) of the REACH regulation (EC 1907/2006), we will inform our customers if a product supplied by us contains a substance of very high concern (SVHC) in a concentration above 0.1 % (w/w).

Based on the information currently available to us, we hereby inform you that in our products, the PCBA includes electronic components containing Lead (CAS Number 7439-92-1) exceeding the threshold of 0.1% of the homogenous mass.

We will continue to assess and monitor the substances in our products to ensure compliance with REACH. Should any of the substances contained in our articles in a concentration of more than 0.1 % (w/w) be included in Annex XIV or in the candidate list in the future, Synapticon will forward information about these substances to its customers in accordance with Article 33(1) of the Regulation (EC) No 1907/2006.

Schönaich, 06.12.2024

Simon Fischinger, COO
